IV. Answer the following questions. Each question has internal choice and carries **EIGHT** marks. **2 x 8=16**

15. A. Describe the favourable factors that were responsible for the development of cotton textile industry in Ahmedabad.

(OR)

B. Losing their lands and access to the forest means that tribals lose their main sources of livelihood and food. Having gradually lost access to their traditional home lands, many Adivasis have migrated to cities in search of work where they are employed for very low wages in local industries or at building or construction sites. They thus, get caught in a cycle of poverty and deprivation. 45 per cent of tribal groups in rural areas and 35 per cent in urban areas live below the poverty line. This leads to deprivation in other areas. Many tribal children are malnourished. Literacy rates among tribals are also very low.

a. What are the effects of displacement of tribal land?

16.A. Read the following passage and answer the question.

Adivasis use around 10,000 plant species – approximately 8,000 species are used for medicinal purposes; 325 are used as pesticides; 425 as gums, resins and dyes; 550 as fibres; 35000 are edible. This entire knowledge system gets wiped out when Adivasis lose their rights over forest lands.

a. What harm is going to happen if Adivasis lose their rights over forest lands?

(Or)

B. How did British change their policies?

SECTION - V

V. Mark the following places in the outline map of India.

4 x 1 = 4m

1. Andhra Pradesh

2. Gujarat
